Councillor Whiffen advised that the position is Welcome NL and not a NL Co-ordinator position. It is a position in Grand Falls-Windsor to attract more people to move here and live here.

Public Works and Planning

The following report was presented by Deputy Mayor Browne.

Gas Tax – Town of Grand Falls-Windsor

The Committee reviewed the updated Capital Investment Plan (CIP) for the Town. The Town will receive an additional $621,556.05 in funding. Several projects were proposed for 2019.

The Committee recommends the updated CIP be brought to the Committee of the Whole for more discussion.
Gas Tax – Exploits Regional Water Supply Committee

The Committee reviewed potential projects for the Exploits Regional Water Supply Committee. The Gas Tax Secretariat has indicated there is a potential for additional funding for the Committee for clean water projects.

The Committee recommends staff make the application for projects as presented.

2019 Asphalt Paving Program

The Committee reviewed the list of proposed streets for resurfacing in 2019. This is the last paving program from the current Multi-Year Capital Works Agreement.

The Committee recommends staff prepare the tender for 2019. Depending on the outcome of the tender, additional streets may be added.

Software for Public Works

The Committee discussed the proposal from the Director of Engineering and Works for the purchase of software to aid in proper record keeping for the Department. This includes necessary documentation required for the Town’s equipment fleet.

The Committee recommends this be approved to purchase and for funding to come from the current operating budget.

Discretionary Use – 24 Southcott Drive

The Committee reviewed a request for a home based business at 24 Southcott Drive. The proposed business (The Beauty Bar) is for spa services. This type of business is identified as a discretionary use for this zone in the Town’s Development Regulations. A notice was mailed to adjacent property owners and advertised on the Town’s Facebook Page and there were no objections or concerns received.

The Committee recommends this be approved.

Rezoning Request – 6 West Street

The Committee reviewed a request from the owner of 6 West Street to rezone the lot from Single Unit Small Lot Residential (RS-2) to Low and Medium
Density Multi Unit Residential (RM-1). This is a new dwelling built in 2018 and the owner would like to rent three (3) units.

The Committee recommends starting the rezoning process to get feedback from the local residents and to bring back to the Committee.

Rezoning Request – 12 Pondview Drive

The Committee reviewed a request from the owner of 12 Pondview Drive to rezone the lot from Industrial Light (IL) to Single Unit Small Residential Zone (RS-2). The owner noted he would like to build a new home at this location.

The Committee recommends that this request be denied. A residential house does not belong in the middle of an Industrial Zone.

Crown Land Referral – 477 Grenfell Heights

The Committee received a Crown Land request from a resident at 477 Grenfell Heights for 6.22 ha of land to lease for agriculture use.

The Committee recommends that this request be denied. This land may be used for residential use in the future. The Committee also recommends the applicant look at land along New Bay Road outside of Town boundaries for their potential development.

Correspondence – Stroud’s Horses

The Committee reviewed correspondence from a resident on Pondview Drive who had concerns with a neighboring lot housing horses and chickens on their land, along with construction of a barn.

The Committee recommends staff complete a full investigation and bring the report back to the Committee for review.

Correspondence - Cul-de-Sac Parking

The Committee reviewed correspondence from a resident of Hicks Place who recently received a parking ticket for parking in the middle of the cul-de-sac. The resident requested parking be permitted and to have his ticket forgiven. Adequate signage is in place to identify the no parking areas and this was done to eliminate obstruction for garbage collection, snow clearing and to stop the excess use of the cul-de-sac as a parking lot.
The Committee recommends staff review the parking in all cul-de-sacs where there is a high density of residents to see if changes are needed. Also, the Committee recommends the ticket as issued be upheld.

**Land Request – 417 Grenfell Heights**

The Committee reviewed a request from a resident to purchase an additional fifty (50) feet of frontage adjacent to 419 Grenfell Heights. The resident is considering purchasing land at 419 Grenfell Heights and would like additional land to accommodate his building plans.

The Committee recommends this be denied as this area may be used for access to the backland in the future for potential subdivision development.

**Clean-up Schedule**

The Committee reviewed the proposed Clean-up Schedule for 2019. The proposed dates are from May 21st to June 7th. This represents a revised breakdown from previous years to spread the clean over three (3) weeks instead of two (2). In addition, a Household Hazardous Waste Day is schedule for May 11th.

The Committee recommends staff get the information to all residents as soon as possible.

I move the recommendations and report of this Committee.

Motion
Browne\Coady-Davis

Be it resolved that these recommendations and report would be adopted as circulated. This motion carried by a vote of 6-0.

Councillor Coady-Davis questioned the rezoning process for a three (3) unit residence. Her understanding was that this was for a duplex. The permit issued was for a single family house with an apartment. The homeowner developed three (3) units without permission.

A mail-out for comments from residents will be mailed out next week and any comments will be discussed at the next Public Works and Planning Committee meeting.

Deputy Mayor Browne advised that the clean-up schedule is over three (3) weeks and the schedule is on the Town’s website.
Mayor Manuel stated there was a misunderstanding last week at the Saturday drop-off and residents were sent away. Contact was made with the contractor and they apologized and this should not happen again.

**OTHER BUSINESS**

Deputy Mayor Browne would like to mention the ongoing campaign to get additional palliative care beds through the Lionel Kelland Hospice. This group have raised $80,000 plus and they own the building. Government needs to meet with the Committee and give them clear indication on what their position is on this Hospice Project.

Mayor Manuel advised that he did an interview on VOCM and this was a topic that was raised. It is such an important project and Government needs to be upfront with this group. This region needs more than one (1) palliative care bed.

Councillor Coady-Davis noted that the members of the Lionel Kelland Hospice gave a presentation to the Joint Council recently and they received overwhelming support. She advised that she attended the recent Kiwanis 54th Highlights of the Festival. This was a great event and lots of talent in Central NL. She congratulated all who participated and the Organizing Committee. She also attended the Northcliffe Drama Club’s Charlotte’s Web performance. She advised that the Harmsworth Public Library had their Annual General Meeting recently and it was great to see they have a Newfoundland reading room. She also advised that at 10:30 A.M. on May 2nd the Town and the Library will be hosting Christine LeGrow and Shirley Scott who will discuss their book “Salt Water Mittens” and Newfoundland and Labrador knitting traditions.

Councillor Bennett advised that the last twenty-nine (29) years the Bishop’s Falls Fire Department hosted the Grand Falls-Windsor Fire Department to a hockey game. Hats off to the organizers. He advised that Amanda Saunders who had a heart transplant in January is expected to be home next week. He encouraged all residents to become organ donors.

Councillor Shawn Feener advised that on April 11th he and the Assistant Director of Parks and Recreation contacted Terry Lane and thanked him for his work on clearing residents driveways during the winter. He also supported the comment of Deputy Mayor Browne on the Lionel Kelland Hospice and felt that Government are not interested in supporting this project.

Councillor Whiffen congratulated Master Seaman Kylie Morey of the 67 RCSCC Windsor Sea Cadets on receiving the Gold Medal in the Junior Category at the Provincial Marksmanship Championships in St. John’s on April 13th -14th, 2019. She also placed 8th overall in the Province which included all competitors.
She advanced to the Provincial Competition from the Central NL Zone Competition held in Grand Falls-Windsor in March. He also mentioned many people heard recently the ideas of Data Centres. He explained that we have spent several years dealing with this issue. Government have been difficult to deal with on this project. We could not get answers to questions. In the Budget last week they appear to be champions of Data Centres, but left Grand Falls-Windsor out of the picture. He encouraged residents to challenge the candidates during this election on their position and Data Centres in Central NL. He mentioned the proposed fibre project in Botwood and noted whatever happens in this region is a benefit to all communities. Fibre in the Central Region is being shipped to the east and west coast and Central receives no benefit. Both these projects are very important to the Economic Development of Central NL.

Mayor Manuel advised that he did an interview on VOCM on the Data Centre issue. The company that we had interested in this region was Fortune 50 Company. We had many meetings with Government and the proposed project was for a Data Centre Campus and included the large IT firms. The company would not believe the time it took to get a response from Government. They get a decision on similar projects in the US in days. Some residents were told by Government that this did not happen because they would not confirm jobs. This was not true. It is a significant lost opportunity for this region. It has been a very frustrating process. He also congratulated the Cataracts on winning the Herder Memorial Trophy and the Organizing Committee. He noted this is Minor Hockey Week so he wished the best of luck to all participants across the Province. He advised that this Sunday, April 28th is the “National Day of Mourning” and encouraged residents to attend the flag lowering and proclamation signing at 12:00 noon at the memorial site again this year. He congratulated the Northcliffe Drama Club on their attendance at the Provincial Drama Festival in St. John’s this week and wished them well. He also expressed condolences to the Edwards family on the passing of Allan Edwards.

Motion
Browne\Whiffen

Be it resolved that the meeting of the Grand Falls-Windsor Town Council would be adjourned until the next regular scheduled meeting of Tuesday, May 14th, 2019. This motion carried by a vote of 6-0.
The meeting adjourned at 8:30 P.M.
